Good afternoon gentlemen,

I wanted to check with both of you to see if we can schedule an update meeting on the VB/I-70 CHP and final report. All is going very well and the preliminary data looks great. This past week, the VB/I-70 CHP had been recognized for its excellence, at both the EPA CARE Conference in Atlanta, GA and highly touted at our presentation at the APHA Conference in Washington, DC. We have been approached to publish our data and to also duplicate our outreach model in other communities. I would like the opportunity to talk to you in depth about these opportunities and the status of our final report. Let me know what your schedules are like over the next 2 weeks and I will make meeting arrangements. Thank you in advance, for your cooperation in this matter.

Take care,

Jay Salas
VB/I-70 Program Administrator
